Drillbit mainly classifies its products into 3 divisions for usage, As described below:

### **DrillBitRef**

DrillBitRef : This can be used for National & International Conferences, Paper Publications, Academic Publications, Scientific Journals, Academic Journals and magazine Publishing. Documents Scan limit is up to 40 Pages.

### **DrillBit**

DrillBit: It is essentially applicable for Schools, colleges and Universities where reports are to be submitted on a particular projects can make use of DrillBit Software, Usually the Documents Scan limit is up to 200 Pages.

### **DrillBit Extreme**

DrillBit Extreme: This Software is more applicable for PhD Thesis Plagiarize. DrillBit Extreme can be used for Universities, Institutional research Centers & R&D Sectors or any other Government & Private Sectors. The PhD thesis work usually exceeds 200 pages, and then DrillBit Extreme can be used. Along with few added attractive features & it is quite powerful tool.

However it is provided as a common product to few users on demand without any suffixes.

By considering the 3 products provided by us, we have specific terms in to use the product.

As mentioned above all these software products do share same legal and plagiarism information regardless of what they do offer, But usage of the product is restricted to its reachability and that shouldn't be violated. If you do not accept those terms tou are immediately requested to leave the site without any consent. We give much priority to the user

data integrity and their security. So all those who visit the website are requested to follow those formalities.
